- Paradigm Consulting Group
 - About Us
 - Best Practice Overview
 - Contact Us
- Copyrights and Trademarks

- Lack of qualified resources to initiate and lead projects or programmes
- Lack the experience, maturity, and/or methodology to properly run projects
- Lack the staffing capacity to run projects on top of daily operations
- Don't want to hire permanent staff to do temporary endeavors such as projects
- Don't have the expertise to establish enterprise Project/ Programme/ Portfolio Management Offices and methodologies

They may have in-flight projects that are experiencing:

- Missed project deadlines
- Exceeded project budgets
- Deliverables failing to provide expected benefits
- Vendor performance issues
- Unclear or inconsistent status reporting
- Unsatisfied or disengaged stakeholders

With no clear plan to recover.
