

PRINCE2® 6th EDITION VIRTUAL CLASS

AUGUST 21-22-23 (FOUNDATION) 24-25 (PRACTITIONER), 2023

as a standard embodies established and proven best practice in project management. It navigates you through all the essentials for running a successful project. Why select PRINCE2 for your projects? Because it is easy to use, you can adapt it to your needs and to your project. Because it is a best practice, you select a proven solution.

What are the Benefits of PRINCE2?

Using the PRINCE2 Project Management methodology will help you deliver projects using a proven road map for success. The PRINCE2 project management methodology has been used since 1996 and has over 1.5 million certified professionals making it the world's largest project management standard.

PRINCE2 enables projects to have:

- ❖ A common approach to the work and common language thereby ensuring effective communication
- ❖ An adaptable step by step method from conception to close
- ❖ Insurance that the project is viable and worthwhile before proceeding
- ❖ Automatic management control of any deviations from the plan
- ❖ Product-based planning Flexibility
- ❖ Defined roles and responsibilities
- ❖ An approach to change providing for the capture and analysis of all project issues
- ❖ The customer's interest kept at the heart of the project
- ❖ Reliability of delivery to budget, quality and time, while mitigating risks, managing interdependencies and identifying opportunities
